BIOMETRIKA

A JOURNAL FOR THE STATISTICAL STUDY OF BIOLOGICAL PROBLEMS

FOUNDED BY

W. F. R. WELDON, FRANCIS GALTON AND KARL PEARSON

EDITED BY

KARL PEARSON

VOLUME XII

NOVEMBER 1918 TO DECEMBER 1919

Reproduced and printed photolitho offset for
WM. DAWSON & SONS LTD
102 WIGMORE STREET
LONDON W.1
1954
With permission of the Biometrika Trust

MADE AND PRINTED BY D. R. HILLMAN & SONS LTD., FROME

CONTENTS OF VOLUME XII.

Memoirs.

		PAGE
I.	On the Standard Deviations of adjusted and interpolated Values of an observed Polynomial Function and its Constants and the Guidance they give towards a proper Choice of the Distribution of Observations. By KIRSTINE SMITH	1
II.	On the Product-Moments of Various Orders of the Normal Correlation Surface of two Variates. By KARL PEARSON and A. W. YOUNG	86
III.	The Correlation Coefficient of a Polychoric Table. By A. RITCHIE-SCOTT	93
IV.	On a Formula for the Product-Moment Coefficient of any Order of a Normal Frequency Distribution in any number of Variables. By L. ISSERLIS	134
V.	On the Mathematical Expectation of the Moments of Frequency Distributions. Part I. By AL. A. TCHOUPROFF . . .	140
VI.	On the Mathematical Expectation of the Moments of Frequency Distributions. Part II. By AL. A. TCHOUPROFF . . .	185
VII.	An Explanation of Deviations from Poisson's Law in Practice. By STUDENT	211
VIII.	The Criterion of Goodness of Fit of Psychophysical Curves. By GODFREY H. THOMSON	216
IX.	On Corrections for the Moment-Coefficients of Limited Range Frequency Distributions when there are finite or infinite Ordinates and any Slopes at the Terminals of the Range. By ELEANOR PAIRMAN and KARL PEARSON	231
X.	*Peccavimus!* Editorial	259
XI.	Quadrature Coefficients for Sheppard's Formula (*c*). Calculated by P. F. EVERITT	282
XII.	On generalised Tchebycheff Theorems in the Mathematical Theory of Statistics. By KARL PEARSON	284
XIII.	CHARLES B. GORING, 1870—1919. Obituary Notice and Appreciations	297

131949

PAGE

XIV. On the Nest and Eggs of the Common Tern (*S. fluviatilis*). A Second Cooperative Study 308

XV. On the Degree of Perfection of Hierarchical Order among Correlation Coefficients. By GODFREY H. THOMSON 355

Miscellanea.

(i) Preliminary Note on the Association of Steadiness and Rapidity of Hand with Artistic Capacity. By M. L. TILDESLEY . . . 170

(ii) Sur les Moments de la Fonction de Corrélation normale de n Variables. Par SVERKER BERGSTRÖM 177

(iii) Formulae for determining the Mean Values of Products of Deviations of mixed Moment Coefficients in two to eight Variables in Samples taken from a limited Population. By L. ISSERLIS 183

(iv) Inheritance of Psychical Characters. By KARL PEARSON . . . 367

(v) Variation and Distribution of Leaves in Sassafras. By N. M. GRIER 372

(vi) Life-History Albums. By ETHEL M. ELDERTON 373

(vii) The Check to the Fall in the Phthisis Death-rate since the Discovery of the Tubercle Bacillus and the Adoption of Modern Treatment. By KARL PEARSON 374

Plates.

Plate I. CHARLES BUCKMAN GORING, M.D. From a sketch by R. ARAI

Plate II. Nests of the Common Tern, indicating the range of Material used and the character of the Environment

Plate III. Eggs of the Common Tern painted by WILLIAM ROWAN

Plate IV. Common Tern alighting and the Four-Egg Clutch

Plate V. Common Tern arranging her eggs and settling down to sit

Plate VI. Common Tern sitting. The Bird angry

Plate VII. Comparison of Association in Intelligence of Pairs of Siblings as determined by Broad Categories and Binet-Simon Tests. Folding Diagram

Plate VIII. The Check to the Fall in the Phthisis Death-rate Folding Diagram
